

A DIGITAL LOGISTICS NETWORK FOR FREIGHT FORWARDERS AND NVOCCS

OUR PRESENCE

Founded by DP World, a leading provider of smart logistics solutions.

No other independent network comes close to matching the logistics power available to DF Alliance members. We provide our members with access to a global network of freight forwarders in more than 197 countries, across six continents.

CURRENT CHALLENGES

Navigating complexities and rising costs.

Increasing competition:

With globalisation and the growth of e-commerce, the competition among freight forwarders has intensified.

Technological advancements:

The industry evolves fast. Staying updated with blockchain, AI, and IoT is challenging.

Environmental sustainability:

The freight industry must cut its carbon footprint due to climate change and sustainability concerns.

Complex regulatory environment:

Numerous regulations and compliance requirements make everyday life difficult to navigate.

Cost pressures:

Freight forwarding faces increasing cost pressures, from rising fuel prices, inflation and changing currency rates.

DF Alliance provides the innovative benefits to support members to get ahead and deliver growth

FAQ

Does DFA have a new member onboarding process or training on how to use the tools and navigate the platform?

Yes, our Member's kit is available for all DFA members as soon as they're onboarded. If you have not received your DFA Member's Kit, please log in to your account and there is an option to download it or email info@df-alliance.com to request a copy. Together with our team, we will make sure each member is receiving the right support.

Am I able to get a list of members and contact them directly?

That's the goal of the Digital Freight Alliance, connect members to do business. We encourage collaboration within the network for your security. [Login here \(https://www.df-alliance.com/directory/log-in/\)](https://www.df-alliance.com/directory/log-in/) with your DFA account for full access to the directory.

How can we add the web-based tools available to DFA members?

The tools can be added to your website via iFrame; Our team can help you integrate this if needed. We also provide API connections for all Premium DFA members.

How DFA protects me when I work with other forwarders?

Every freight forwarder, who is a DFA member, passes the verification by providing their Registration and TAX Certificate, confirming the history and the background of the company. Then we have ranking system, where every company is evaluated by real customers who experienced their service.

Additionally, our team has a wide range of background check sources where we validate companies. You also receive their contact details and can require due diligence from them according to your corporate rules and build your own relationship with them.

Freight forwarders, who are Premium DFA members, have an additional Payment Protection programme, where the insurance programme starts at **US\$ 10.000** and up to **US\$100.000** per year.
